

2023 Impact

You helped elders!

You improved the life of refugee elders in 2023! You made a difference in three key areas: improving access to medical care, reducing social isolation through field trips and social events, and increasing wellness through three walking groups.

You helped 43 elders receive 284 acts of assistance related to improving their health.

40 elders participated in 8 field trips and social events to reduce social isolation.

20 elders improved their well being through participation in 3 walking groups.

Ciin, pictured on the front cover, is a Zomi refugee elder. We were helping her with routine medical care when a stress test showed she was in need of emergency care. The attending physician couldn't believe she was walking based on the test results! She was rushed to an ER and eventually a pacemaker installed. Thanks to your generosity, Ciin is smiling and enjoying a full life.

Thanks to you and our partnership with the West End Home Foundation, you helped Zomi and Mindat refugee elders get out of their homes, enjoy each other's company, and see a few sites. They visited the Tennessee State Museum, the Governor's Residence, the Parthenon, and enjoyed playing BINGO at the Green Hills YMCA.
